### PROFILE

I was a camera prep technician for over a year and have worked as a camera assistant for over 6 years. In that time I have worked on over 200+ commercials. I've also worked on documentaries and TV series. I am very familiar with a range of cameras including Arri Alexa, Alexa Mini LF, Red cameras, Phantom Flex 4K, Sony F55 and Sony Venice.

I'm a self-motivated person who communicates openly with people at all levels whilst maintaining a good sense of humour and down to earth approach. I understand the importance of honesty, hard work and a good attitude.
