I'm a passionate Art Director and Wardrobe Stylist with over 20 years' experience in the film and advertising industries. I have a skill for storytelling, letting the visual do the talking. My expertise ranges from prop and wardrobe styling to complete art direction, bringing about an image to perfection.

I have had an extensive career working with a number of local and international directors, producers, production teams and crew, honing my skills over this time, making me a sought after Art Director and Wardrobe Stylist.

A keen sense of observation and a strong visual eye have been critical to my ability to continuously evolve and respond to industry changes, advertising and fashion trends, client needs and expectations. My strong passion for interior design and food styling has made me an asset on many lifestyle shoots.

Renowned for my attention to detail and organisational ability, I am a reliable resource able to work to tight deadlines and maintain budget with an unflappable manner. While my personal aesthetic is one of many key reasons for my success, I am also regularly engaged for my reliability in being able to bring my directors' visions to life.
